Hi Brenda,

We had to contact and send this letter to whom last year to fix my insurance?

Here was you last year letter which I attached to this email as well

To whom it may Concern

Duane Do Insurance with Onin Staffing has been terminated on 03.28.25

Due to not working.

Thank you

I don't know if it should say: "Due to not working." I have been working lately. It should say I have active insurance with Fidelis Medicaid and this added insurance invalidates my active, intended functioning insurance.

I believe this points to where the problem issues from:

In the healthcare world, "**Wausau**" often refers to old insurance-processing networks or payer records associated with **UMR/UnitedHealthcare Shared Services**,

And I remember the card I got from Onin had: **UMR/UnitedHealthcare on it.**

Thanks,

Duane
